**The official Washtenaw Community College Graduation Entrance March written by Dr. Morris J. Lawrence, Jr., ASCAP.*

A Rich History

On January 15, 1965, Washtenaw County residents went to the polls and voted overwhelmingly - 11,109 in favor and 5,085 opposed - to establish the two-year college and elect its first Board of Trustees.

WCC's first board chair Samuel Harmon, listed these as among the most important accomplishments of that first board, which served from 1965 to 1967:

- The decision that the college should be a multi-purpose institution emphasizing technical-vocational programs, while at the same time offering strong college transfer and general education, and
- The decision to pursue an open door admissions policy whereby students are accepted on the basis of what they are ready to do, rather than what they have done.

Since then, Washtenaw Community College in Ann Arbor has served as an open door to all in the community, while striving to make a difference in people's lives through accessible and excellent educational programs and services.

WCC has continued to meet business and industry needs for an even more highly skilled workforce. Whether pursuing an academic degree or certificate or learning new skills through the college's professional development and continuing education offerings, WCC students receive world-class instruction to prepare them to meet life's many challenges.

Honorary Associate Degree in Community Service

Sean A. Duval

President & CEO, Golden Limousine International
Board Chair, Ann Arbor Area Community Foundation

Sean A. Duval, a seasoned entrepreneur and philanthropist, is the President and CEO of Golden Limousine International, a premier private luxury and executive transportation service. With more than 30 years of experience, Duval has not only built a successful business empire but has also demonstrated an unwavering commitment to community development and philanthropy.

Duval's entrepreneurial journey began with a vision and a couple of stretch limousines, purchased with savings from his managerial role at McDonald's. Over the years, Golden Limousine International has evolved into one of Michigan's largest private shuttle operations, boasting more than 70 vehicles, 140 employees, and nearly $20 million in annual revenue.

His ability to adapt and reinvent his company following the Great Recession of 2008 and the COVID-19 pandemic in 2020 has been a testament to his resilience. Today, the company's diversified services — including corporate transportation, transit, and employee shuttles — reflect its ability to thrive in dynamic environments.

Beyond his entrepreneurial endeavors, Duval is recognized for his philanthropic contributions. In March 2023, he received the Humanitarian Award from The Soul of Philanthropy-Michigan, acknowledging his years of service, commitment to community betterment, and belief in paying it forward.

Duval's current role as Board Chairman for the Ann Arbor Area Community Foundation reflects his dedication to fostering a symbiotic relationship between the business community and the well-being of Washtenaw County. He envisions businesses giving back through good jobs, quality products, services, and significant investments in charitable and nonprofit entities.

Duval served on the WCC Foundation Board from 2012 to 2021, including a two-year stint as Board Chair from 2019 to 2021. His other local leadership roles include serving as chairman of boards at Destination Ann Arbor, the A2Y Regional Chamber, Ele's Place, Michigan Works! Washtenaw County, and Michigan Works! Southeast.

Academic Processional and Regalia

The origins of academic dress date back to the 12th and 13th centuries, when universities were first taking form. Long gowns were worn and may have been necessary for warmth in unheated buildings. The design of the cap, or mortarboard, resulted from combining two different types of caps commonly worn in medieval times. The first was a black skullcap and the second was a tufted, square cap called a pileus quadratus. The tufted cap evolved into a stiff-cornered cap that would not drape across the wearer's face. The term "mortarboard" was first used in an 1854 novel, The Adventures of Mr. Verdant Green, as a sarcastic reference to the cap's shape.

The master's gown includes a hood that is worn around the neck and hangs down the back. The lining of the hood is the official color or colors of the university that conferred the degree. The velvet trim color indicates the discipline in which the degree was earned. White, taken from the white fur trim of the Oxford and Cambridge Bachelor of Arts hoods, is assigned to arts and letters. Golden yellow, standing for the wealth which scientific research has produced, is assigned to the sciences. Light blue is used for education, dark blue for philosophy and purple for law.

Another major distinguishing characteristic of the gown is the sleeves: associate and bachelor, long pointed; master, oblong; doctor and specialist, bell-shaped. The doctor's gown has a velvet collar facing, and three bars on the sleeves. The specialist's gown is similar to a doctor's except that it has no sleeve bars.

A senior faculty member is the mace-bearer, or marshal of the graduates, and leads the procession. The mace used in Washtenaw's commencement exercises was designed and built by David Byrd, a former faculty member, in the early 1970s. The various parts of the mace represent program areas of the college–a tire for automotive programs, a gear for industrial manufacturing, a graduated beaker for chemistry and health programs, and a cup and saucer for culinary arts and hospitality. The top of the mace is a torch of learning–signifying the overall mission of the college.

Key to Symbols

* **Honors: Minimum 3.5 grade point average.**

** **High Honors: Minimum 3.8 grade point average.**

† **Phi Theta Kappa members**

Graduates' submitted preffered names are used in this program. Legal names will appear on official diplomas.

The red, white and blue cords are worn by veterans of the US military.

The gold cord around the collars of the graduates denotes a standing of honor.

The gold honor stole is worn by members of the Phi Theta Kappa honor society.

The STEM Scholar stole is worn by graduates in the STEM Scholar program.

WCC permits students to participate in commencement before completing all graduation requirements. This program should not be accepted as proof of graduation.
